

Portal:Microbiological Culture Atlas

Cocci

G+

Enterococcus faecalis, Bile esculin agar (BEA)

Enterococcus faecalis, blood agar

Streptococcus agalactiae, blood agar

Streptococcus agalactiae, blood agar, β -hemolysis detail

Streptococcus pyogenes, blood agar

Streptococcus pyogenes, blood agar, β -hemolysis detail

Staphylococcus aureus, blood agar

Staphylococcus aureus, blood agar, β -hemolysis detail

Staphylococcus epidermidis, blood agar

Staphylococcus epidermidis, detail: no hemolysis

Streptococcus pneumoniae, blood agar, M-phase

Streptococcus pneumoniae, M-phase, detail β -hemolysis

Streptococcus pneumoniae, blood agar, R-phase

Streptococcus pneumoniae, R-phase, β -hemolysis detail

G-

Neisseria pharyngis, blood agar

Bacilli

G+

Bacillus subtilis,
Mueller-Hinton
agar

G-

Pseudomonas fluorescens,
Mueller-Hinton
agar, smell with
scent of jasmine

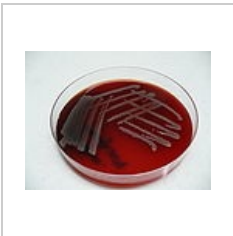

Pseudomonas fluorescens, blood
agar, smell with
scent of jasmine

Pseudomonas fluorescens, Endo
agar, smell with
scent of jasmine

Pseudomonas aeruginosa,
Mueller-Hinton
agar

Pseudomonas aeruginosa, blood
agar

Pseudomonas aeruginosa, blood
agar

Pseudomonas aeruginosa, Endo
agar

Escherichia coli,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Escherichia coli,
blood agar

Escherichia coli,
Endo agar

Citrobacter freundii,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Citrobacter freundii, blood
agar

Salmonella enterica enteritidis,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Salmonella enterica enteritidis,
blood agar

Salmonella enterica enteritidis,
Endo agar

Proteus mirabilis,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Proteus mirabilis,
blood agar

Proteus mirabilis,
Endo agar, plazivý
růst

Shigella flexneri,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Shigella flexneri,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Shigella flexneri,
blood agar

Shigella flexneri,
Endo agar

Proteus
vulgaris,thiosulfate
-citrate-bile salts-
sucrose agar
(TCBS)

Proteus vulgaris,
blood agar

Proteus vulgaris,
Endo agar

Morganella
morganii,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Morganella
morganii, blood
agar

Morganella
morganii, Endo
agar

Klebsiella
pneumoniae,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Klebsiella
pneumoniae, blood
agar

Klebsiella
pneumoniae, Endo
agar

Yersinia
enterocolitica,
thiosulfate-citrate-
bile salts-sucrose
agar (TCBS)

Yersinia
enterocolitica,
blood agar

Yersinia
enterocolitica,
Endo agar

Yeast

Candida albicans,
Sabouraud agar
