

Tips for the exam: Psychiatry

Feel free to add your experience and tips here by just clicking "Edit" and add your part :) The more the better!

Recommended resources:

- Amboss (DSM-V)
- [1] (<https://icd.who.int/browse10/2019/en#/F95>)<https://icd.who.int/browse10/2019/en#/F95> (ICD-10 Classification)
- Presentations
- Wikilectures

Experience (January 2021): Prof. Ivo Paclt

- Very easy and straightforward exam.
- You pick up two questions from each category and start to talk about them. Occasionally, he will interrupt and ask very basic questions such as: "What is the etiology of delirious states?"
