I am a **4th year** student studying **General Medicine** at **1.LF UK** in the **English Parallel**. During my time at the faculty I have been a **teaching assistant** in Institute of Anatomy for three years, and Institute of Physiology for two years.

In the student organisation, LF1 MedSoc (<http://www.lf1medsoc.com>), I have the role of **Head of Media**, which consists of managing and updating the website ([www.lf1medsoc.com](http://www.lf1medsoc.com)) as well as advertisement and merchandise.
