Welcome to WikiLectures!

First steps

- Help articles can really help you at the beginning. Our help section is short and useful! :-)
- Please, introduce yourself on your new user page.
- If you need to experiment or test your edits, you have your own sandbox prepared.
- You can ask for our cooperation on the support page.

We wish you easy working and studying at WikiLectures!

Check the articles, please!

Dear Professor,

You have been approached as pedagogue with specialization. Now You can use the button  **Check** over Your editing window. You can check every article from Your specialization which You find correct and mark it by this template. You will let know every student, that this article is correct and they can use it for studying.

It is so easy!

If you want to mark an article as checked, edit it. Insert the template in the begining of the article. Just use the button .

You can not see the button?

If you can not see the button over your editing window, you have to refresh your browser (usually *Ctrl+F5* or *Ctrl+R*).

Help

You can find more information about checking articles here on help page, more detail information can be found here.

Thank you very much for Your help in making WikiLectures better every day!

If You need our help, just ask anybody from our editorial board.

We believe, that WikiLectures can became very usefull instrument for students and even for You too.
